Kermit and Wink Citizen Survey

Winkler-Loving AgriLife Extension is looking for citizen input concerning city issues affecting the community (trash, road work, water problems, RV parking, stray dogs, etc.). The Community/Economic Development Committee is conducting a survey in order to present the findings to city councils in Kermit and Wink. Surveys can be returned to the Winkler-Loving AgriLife Extension office through fax- 432.586.9307, email-cesettle@ag.tamu.edu, mail- 307 S. Poplar Street, Kermit, TX 79745, or in person at the same address. The survey can be submitted anonymously using the form below or you can write/type on your own paper. We need to know which city the issue refers to (Kermit, Wink) and the issue with a brief description. If you feel there are multiple issues, please provide all that concern you. Surveys will be collected until **August 15, 2012** at 5 p.m., then the committee will rank the issues to be presented to the Kermit City Council and Wink City Council. This survey will be used to inform council members of community concerns so that council members can better represent their constituents.

Lambs/Goats

If you need help locating show lambs or goats, feel free to give me a call. Most lamb and goat breeders are in full swing of selling their stock by now, or are fixing to start. DO NOT wait to the last minute if at all possible. Lamb and goat producers will not hold onto livestock with market prices being as they have been recently, so finding a quality animal later in the year may become much more difficult.
