**Lambs/Goats**

If you need help locating show lambs or goats, feel free to give me a call. Most lamb and goat breeders are in full swing of selling their stock by now, or are fixing to start. DO NOT wait to the last minute if at all possible. Lamb and goat markets are high and most producers will not hold onto livestock with market prices being they have been recently, so finding a quality animal later in the year may become much more difficult.

For more information on any of these events feel free to call the office 432.586.2593, e mail [cesettle@ag.tamu.edu](mailto:cesettle@ag.tamu.edu), or stop by the office- 307 S. Poplar St., Kermit, TX.
